|       |  |    |
|-------|--|----|
| 1     | Executive Summary .....                        | 1  |
| 1.1   | Overview.....                                  | 1  |
| 1.2   | Technology .....                               | 1  |
| 1.2.1 | 1, 4 BDO.....                                  | 1  |
| 1.2.2 | 2,3-BDO .....                                  | 3  |
| 1.3   | Economics .....                                | 4  |
| 1.3.1 | Overall Comparative Economics by Region .....  | 4  |
| 1.3.2 | Overall Comparative Economics by Process ..... | 5  |
| 1.4   | Capacity Analysis .....                        | 7  |
| 1.5   | Impacts on Conventional Industry .....         | 8  |
| 1.5.1 | Strategic Implications .....                   | 8  |
| 1.5.2 | Commercial Implications .....                  | 8  |
| 2     | Introduction.....                              | 9  |
| 2.1   | Overview.....                                  | 9  |
| 2.1.1 | Market Size .....                              | 10 |
| 2.1.2 | Incentives .....                               | 12 |
| 2.2   | Product Specifications.....                    | 12 |
| 2.3   | Transportation and Storage .....               | 12 |
| 2.4   | Health Hazards.....                            | 13 |
| 2.5   | Scope of Study .....                           | 13 |
| 3     | Technology .....                               | 14 |
| 3.1   | Overview.....                                  | 14 |
| 3.2   | 1,4-BDO.....                                   | 15 |
| 3.2.1 | Direct Fermentation of Sugars .....            | 15 |
| 3.2.2 | Succinic Acid Hydrogenation .....              | 28 |
| 3.2.3 | PHA Depolymerization .....                     | 35 |
| 3.3   | 2,3-BDO.....                                   | 38 |
| 3.3.1 | CO/Syngas Fermentation.....                    | 38 |
| 4     | Economics .....                                | 42 |
| 4.1   | Basis of Economics .....                       | 42 |
| 4.2   | Methodology .....                              | 42 |

|       |   |    |
|-------|---|----|
| 4.2.1 | Capital Cost Elements.....                | 42 |
| 4.2.2 | Operating Cost Elements .....             | 45 |
| 4.3   | Comparative Economics .....               | 49 |
| 4.3.1 | Comparison by Region.....                 | 49 |
| 4.3.2 | Comparative Economics by Process .....    | 55 |
| 4.4   | Cost of Production Models .....           | 60 |
| 4.4.1 | North America .....                       | 60 |
| 4.4.2 | South America.....                        | 64 |
| 4.4.3 | Western Europe .....                      | 68 |
| 4.4.4 | Asia.....                                 | 72 |
| 4.5   | Sensitivities .....                       | 76 |
| 4.5.1 | Feedstock Price.....                      | 76 |
| 4.5.2 | Byproduct Price .....                     | 77 |
| 4.5.3 | Economy of Scale .....                    | 77 |
| 4.5.4 | Investment.....                           | 78 |
|       | 4.5.5 ROCE .....                          | 79 |
| 5     | Capacity Analysis .....                   | 80 |
| 5.1   | Overview.....                             | 80 |
| 5.2   | Existing Commercial Capacity .....        | 80 |
| 5.3   | Project Capacity analysis .....           | 80 |
| 5.3.1 | Methodology .....                         | 80 |
| 5.3.2 | BioAmber.....                             | 84 |
| 5.3.3 | Myriant.....                              | 84 |
| 5.3.4 | BASF .....                                | 85 |
| 5.3.5 | Genomatica .....                          | 85 |
| 5.3.6 | LanzaTech.....                            | 86 |
| 5.4   | Conclusion.....                           | 86 |
| 6     | Impact on the Conventional Industry.....  | 88 |
| 6.1   | Scales and Markets.....                   | 88 |
| 6.1.1 | Scale of Production .....                 | 88 |
| 6.1.2 | Market Penetration.....                   | 88 |
| 6.2   | Price and Margins .....                   | 89 |
| 6.2.1 | Prices .....                              | 89 |
| 6.2.2 | Margins.....                              | 89 |
| 6.3   | Strategic and Technical Implications..... | 91 |
| 6.3.1 | Strategic Implications .....              | 91 |
| 6.3.2 | Technical Implications .....              | 91 |
| 6.3.3 | Technology Implications .....             | 91 |
| A     | Appendices .....                          | 92 |
| A     | References .....                          | 92 |

## Figures

|           |   |    |
|-----------|---|----|
| Figure 1  | Engineered Metabolic Pathways to 4-HB and BDO in <i>E. coli</i> .....             | 1  |
| Figure 2  | Succinic Acid Hydrogenation.....  | 2  |
| Figure 3  | PH4B-Based 1,4-BDO Process Chemistry .....  | 3  |
| Figure 4  | Simplified Process Flow of LanzaTech's Technology .....                           | 3  |
| Figure 5  | 1,4 BDO Comparative Economics by Region .....                                     | 4  |
| Figure 6  | 2,3 BDO Comparative Economics by Region .....                                     | 5  |
| Figure 7  | 1,4 BDO Comparative Economics by Process .....                                    | 6  |
| Figure 8  | 2,3 BDO Comparative Economics by Process .....                                    | 6  |
| Figure 9  | Potential Bio-based Share of 1,4-BDO Production Capacities .....                  | 8  |
| Figure 10 | Global 1,4-BDO Demand Distribution .....  | 10 |
| Figure 11 | 1,4-BDO Value Chain .....   | 11 |
| Figure 12 | Some Developers of Bio-Based 1,4-BDO Routes.....                                  | 14 |
| Figure 13 | Engineered Metabolic Pathways to 4-HB and BDO in <i>E. coli</i> .....             | 17 |
| Figure 14 | Genomatica's BDO Fermentation Process (Simple Flow Diagram).....                  | 22 |
| Figure 15 | Genomatica's BDO Recovery Process (Simple Flow Diagram) .....                     | 24 |
| Figure 16 | Process Chemistry for Succinic Acid Hydrogenation .....                           | 28 |
| Figure 17 | Davy Process Succinic Acid Esterification and Hydrogenation.....                  | 30 |
| Figure 18 | Davy Process Bio-BDO Separation and Purification.....                             | 31 |
| Figure 19 | DuPont Succinic Acid to THF Process .....   | 33 |
| Figure 20 | PH4B-Based 1,4-BDO Process Chemistry .....  | 35 |
| Figure 21 | Metabolix GBL Recovery from Biomass with Residual Converted to Solid Fuel .....   | 36 |
| Figure 22 | Metabolix FAST™ Process for Industrial Chemicals.....                             | 38 |
| Figure 23 | Wood Ljundahl Pathway from CO to 2,3-BDO .....                                    | 39 |
| Figure 24 | Simplified Process Flow of the LanzaTech Technology.....                          | 40 |
| Figure 25 | 1,4 BDO Comparative Economics by Region .....                                     | 54 |
| Figure 26 | 2,3 BDO Comparative Economics by Region .....                                     | 54 |
| Figure 27 | 1,4 BDO Comparative Economics by Process .....                                    | 59 |
| Figure 28 | 2,3 BDO Comparative Economics .....   | 59 |
| Figure 29 | Feedstock Price Sensitivity.....  | 76 |
| Figure 30 | Byproduct Price Sensitivity .....   | 77 |
| Figure 31 | Economy of Scale Sensitivity .....  | 78 |
| Figure 32 | Capital Investment Sensitivity.....   | 78 |
| Figure 33 | ROCE Sensitivity .....  | 79 |
| Figure 34 | Risk Adjustment Methodology .....   | 83 |
| Figure 35 | Potential Bio-based Share of BDO Production Capacities .....                      | 88 |
| Figure 36 | Regional Potential Bio-based Share of 1,4-BDO Production Capacities by 2020 ..... | 89 |

## TECHNOLOGY & COSTS

# Biorenewable Insights

The NexantECA Subscriptions' Biorenewable Insights program is recognized globally as the industry standard source for information relevant to the chemical process and refining industries. Biorenewable Insights reports are available as a subscription program or on a single report basis.

### Contact Details:

#### Americas:

Marcos Nogueira Cesar, Vice President, Global Products, E&CA: NexantECA Subscriptions  
Phone: + 1-914-609-0324, e-mail: [mcesar@nexant.com](mailto:mcesar@nexant.com)

Erica Hill, Client Services Coordinator, E&CA-Products  
Phone: + 1-914-609-0386, e-mail: [ehill@nexant.com](mailto:ehill@nexant.com)

#### EMEA:

Anna Ibbotson, Director, NexantECA Subscriptions  
Phone: +44-207-950-1528, [aibbotson@nexant.com](mailto:aibbotson@nexant.com)

#### Asia:

Chommanad Thammanayakatip, Managing Consultant, Energy & Chemicals Advisory  
Phone: +66-2793-4606, email: [chommanadt@nexant.com](mailto:chommanadt@nexant.com)

NexantECA ([www.nexantECA.com](http://www.nexantECA.com)) is a leading management consultancy to the global energy, chemical, and related industries. For over 38 years, Nexant has helped clients increase business value through assistance in all aspects of business strategy, including business intelligence, project feasibility and implementation, operational improvement, portfolio planning, and growth through M&A activities. NexantECA has its main offices in San Francisco (California), White Plains (New York), and London (UK), and satellite offices worldwide.
