| Section                                                                    | Page       |
|----------------------------------------------------------------------------|------------|
| <b>1 Executive Summary .....</b>                                           | <b>1-1</b> |
| <b>2 Introduction .....</b>                                                | <b>2-1</b> |
| 2.1 INTRODUCTION.....                                                      | 2-1        |
| 2.2 INTRODUCTION TO METALLOCENE POLYETHYLENES .....                        | 2-2        |
| <b>3 West Europe Market Analysis .....</b>                                 | <b>3-1</b> |
| 3.1 INTRODUCTION.....                                                      | 3-1        |
| 3.2 POLYETHYLENE IN DENSITY RANGE 0.902-0.939 G/CM3 .....                  | 3-2        |
| 3.2.1 Film .....                                                           | 3-4        |
| 3.2.2 Blow Moulding .....                                                  | 3-9        |
| 3.2.3 Injection Moulding.....                                              | 3-9        |
| 3.2.4 Rotomoulding.....                                                    | 3-9        |
| 3.2.5 Extrusion Coating .....                                              | 3-10       |
| 3.2.6 Other Extrusion .....                                                | 3-10       |
| 3.3 POLYETHYLENE IN DENSITY RANGE GREATER THAN 0.940 G/CM3 .....           | 3-11       |
| 3.4 PLASTOMERS AND ELASTOMERS IN DENSITY RANGE LESS THAN 0.902 G/CM3 ..... | 3-13       |
| <b>4 West Europe Supply Analysis .....</b>                                 | <b>4-1</b> |
| 4.1 OVERVIEW .....                                                         | 4-1        |
| 4.2 EXXONMOBIL CHEMICAL .....                                              | 4-3        |
| 4.3 DOW CHEMICAL .....                                                     | 4-5        |
| 4.4 TOTAL PETROCHEMICALS .....                                             | 4-6        |
| 4.5 LYONDELLBASELL .....                                                   | 4-7        |
| 4.6 BOREALIS .....                                                         | 4-8        |
| 4.7 INEOS .....                                                            | 4-9        |

| <b>Figure</b>                                                     | <b>Page</b> |
|-------------------------------------------------------------------|-------------|
| 1.1 Metallocene Polyethylene Consumption 2000-2020 .....          | 1-2         |
| 3.1 Penetration of Metallocene LLDPE into LLDPE Film market ..... | 3-4         |
| 3.2 Consumption of HDPE Metallocene by Application .....          | 3-11        |
| 3.3 Elastomer and Plastomer Consumption Breakdown .....           | 3-13        |

| <b>Table</b>                                                                 | <b>Page</b> |
|------------------------------------------------------------------------------|-------------|
| 1.1 Metallocene Polyethylene Consumption .....                               | 1-1         |
| 1.2 West European Metallocene Polyethylene Market Share .....                | 1-2         |
| 3.1 Breakdown of Polyolefin Application Areas .....                          | 3-1         |
| 3.2 Metallocene LLDPE Detailed Demand by End Use .....                       | 3-3         |
| 3.3 Stretch Film Segments .....                                              | 3-6         |
| 3.4 Food Packaging 9 Layer Film Composition .....                            | 3-9         |
| 3.5 Metallocene HDPE Detailed Consumption by End Use .....                   | 3-12        |
| 3.6 Metallocene Elastomer and Plastomer (Ethylene-based) Consumption .....   | 3-14        |
| 4.1 West European LLDPE Capacity 2007 .....                                  | 4-1         |
| 4.2 West European HDPE Capacity 2007 .....                                   | 4-1         |
| 4.3 West European Metallocene Polyethylene Market Share .....                | 4-2         |
| 4.4 Selected ExxonMobil Metallocene PE Grades .....                          | 4-3         |
| 4.5 Selected ExxonMobil Elastomer and Plastomer Grades .....                 | 4-4         |
| 4.6 Selected Dow Chemical Metallocene LLDPE Grades .....                     | 4-5         |
| 4.7 Selected Dow Chemical Metallocene Elastomer and Plastomer Products ..... | 4-5         |
| 4.8 Selected Total Petrochemicals Metallocene PE Grades .....                | 4-6         |
| 4.9 Selected LyondellBasell Metallocene PE Grades .....                      | 4-7         |
| 4.10 Selected Borealis Metallocene PE Grades .....                           | 4-8         |
| 4.11 INEOS Metallocene PE Grades .....                                       | 4-9         |
